"I am a chicken about health and pain. I saw 2 eye surgeons before meeting Dr Shroff but got dizzy with just the thought of an eye surgery. Then my school friend insisted I see Dr Shroff. I was so impressed by Dr Shroff's experience and confidence, the cleanliness at the hospital, the professional and caring staff that I made up my mind to let only Dr Shroff touch my eyes. After the surgery I got my eyes tested here in Europe and I was told that my Doctor has done an excellent job. I am so happy with my decision!" – Patient Testimonial from www.lasikindia.in
