Real Stories. Real People.

I had my Relex Smile surgery on May 9th, 2014 at Shroff Eye, Mumbai.

It was sometime in September, 2013 that I decided that I would get Lasik done to correct my Myopia. I read through Dr Anand Shroff's background on the internet and was very impressed with his qualifications and the experience he held especially in refractive surgeries.

Dr Shroff answered all my queries without any need for me to ask him. Moreover he and his team extensively evaluated my eyes through various tests to determine my candidature for Lasik. The fact that people are evaluated and guided to choose the best method suitable for them exemplifies the professionalism practiced at Shroff Eye.

Dr Shroff with his expert hands and the latest technology at his disposal did an excellent job on both my eyes. What is remarkable is not about the efficiency of his work but the way he soothed my nerves. My vision has stabilized and I can see fine now. I feel so relieved to have got rid of spectacles which I have been using for past 17 years.

Thanks to Dr Shroff for the "spectacular" job!

– Adin Ravindran

Before SmILE.

After SmILE by Shroff Eye.

You can't depend on your eyes when your imagination is out of focus.
– Mark Twain
